

# KICK-START YOUR TEACHING CAREER WITH MASTER CLASS

At its launch in 2007 Master Class's name was just an aspiration. But we realised from the outset that we had a lot to live up to. Because we'd be figures of fun if we were less than professional. And it's earned its name.

New entrants to teaching can expect longer-term and permanent placements in primary or secondary schools across London and surrounding counties. We help with accommodation, mentors and orientation regarding the UK Curriculum as well as Qualified Teacher Status. We pay well. And we specialise in kick-starting teaching careers!

## MASTER CLASS EDUCATION

delivering the wealth of knowledge that our kids need
