

MAJOR AIRPORTS in the UK:

There are numerous airports in the UK. The majority are operated by BAA (the British Airports Authority) whose website is at www.baa.com. BAA operates airports at:

London Heathrow	(West of London)	www.heathrowairport.com
London Gatwick	(South of London)	www.gatwickairport.com
London Stansted	(North East of London)	www.stanstedairport.com
Glasgow	(Western Scotland)	www.glasgowairport.com
Edinburgh	(Eastern Scotland)	www.edinburghairport.com
Aberdeen	(Northern Scotland)	www.aberdeenairport.com
Southampton	(South Coast England)	www.southamptonairport.com

However, there are many other airports in the UK. See the map below. Some of them operate international flights.

If you visit the website at www.aircraft-charter-world.com/airports/europe/uk.htm you can click on the airport names there and visit the websites for smaller and provincial airports.
